

I am writing in regards to K-LOVE radio. I've listened to a K-LOVE station in Phx, AZ for an average of 20 hours per week for the past 4 years. This station is helping probably over a million people around the globe find fulfillment in God and the way of life He wants us to live. People are being saved every day (spiritually and physically) due to the staff and mission of K-LOVE. There are few stations like K-LOVE that truly care about the well-being of their listeners and without this method of communication the millions of lost people around the globe may not hear the truth. People do not have to listen to K-LOVE, but if its listeners respond with the funding each year to keep it on the air, shouldn't we have the choice whether we want to keep it on the air? I would be willing to discuss matters in more details, should you wish to contact me.
